Enjoy!

Some Noobs Try to Hard

This is a parody of "The Party Song" by Blink 182. Mite be a stretch, but I was tired when I did it, so you decide. If you want something better read my 12 days on Halo. Not as Original, but funnier than all the others. Enjoy!

Some Noobs Try to Hard

Do you want to come to my game

> My friends will be there at 11:30<br> This thing's in a chat room  
but people are cool there

> Well I did if I went but I never dreamed there<br> Would be someone  
there who would catch my attention

> I wasn't out searching for love or affection<br> So I sent my  
invites and the noobs got in free

> Shined the clips for my sniper as we headed into the game<p>

And then in the background some terrible ska band

> Someone in the background was doing a keg stand<br> This place is  
so lame all these noobs play the same

> All these guys have no game I wish I would have stayed<br> In my  
bed back at home playing XBOX alone

> Where I'd put on some CSI or play prank on the phone<br> Far from  
people I hate down from anywhere state

> Trying to incinerate noobs, to kill them in the game<p>

And then I saw him standing there

> With green armor and long blood stains<br> He wasn't wearing

underwear at least I prayed that

> He might be the one, maybe we'd have some fun<br> Maybe we'd play some games

> But that night I learned that some noobs try too hard<br> Some noobs try too hard (background from here on in the chorus "da na na " repeated over and over)

> Yeah, Some noobs try too hard to impress<br> With the way that they play

> With those things on their arms<br> And the things they suggest to me

I couldn't believe what this dude was saying

> The names he was dropping, the games he was playing<br> he played with this guy who now plays for Black Flys

> How he's down with the 'wise well-constructed disguise'<br> Now I'd rather go gameless than stay here and hate this

> His volume of excuses his fake rank was obvious<br> So I said I'd invite him but never would bother

> Until I got turned down by another dude at a match<p>

So when you see him standing there

> With green armor and long blood stains<br> He won't be wearing underwear and you'll discover

> This dudes not the one and he'll never be fun<br> You should just turn and run because you'll find out that

> Some noobs try too hard (background from here on "da na na " repeated over and over)<br> some noobs try too hard

> And some noobs try too hard to impress<br> With the way that they play

> With those things on their arms<br> And the things they suggest to me

> Some noobs try too hard<br> Some noobs try too hard!
